

## **WASHINGTON INFORMATION NET PREAMBLE**

Good morning. This is \_\_\_\_\_, (call sign). My name is \_\_\_\_\_ and I'm located in \_\_\_\_\_ (city). Welcome to the Washington Information Net. This net meets each morning at 9:30 AM local time on 3980 KHz. The purpose of this net is to share information useful to it's members and other amateurs. I will call for check-ins from the roster from active members. At the end of roll call, I will call for late, missed or visitors. Visitors, however, are welcome to break in at anytime.

For more information about this net please visit our website at [www.win3980.com](http://www.win3980.com)

Are there any stations that would like to check in and out early?

Does anyone have a solar flux report?

(Call the roll).

That is the list as I have it. Are there any late, missed or visitors at this time? Any relays? We had \_\_\_\_\_ (number) of check-ins. Is there any other business for the net? Hearing nothing, thank you all for checking in, today.

This is \_\_\_\_\_ (call sign) closing the Washington Information Net at \_\_\_\_\_ local time. Thank you for being with us, today.
